I had read this earlier, but have read it again. I am satisfied that our decision is the right one, especially given the Trustee's concerns about habitat restoration.

Bruce,

my revisions on top of Paul and Doug F's comments. I have tried to make most of the changes Paul recommended.

Is anyone else at EPA going to review? Please let us know. If you are, please work off this version if u have not begun yet.

Thanks.

Subject: Attachment E for Final Backcheck Review

Folks,

Attached are 3 files pertaining to Attachment E.

The first is a (nearly) clean copy of the latest file...just a few minor comments related to outstanding issues that we need to address early Thursday (Mike Traynor please take note).

The second file is a RLSO compared against the original 2005 document, containing Agency comments and our responses.

The last file is a set of draft responses to GE's comments presented in their cover letter for your consideration.

There are a couple issues on which final resolution is still needed from EPA.

Ex. 5 Deliberative Process (DP)

Once we have any last comments, we'll complete formatting and prepare for final transmittal. Receipt of all comments with final resolution would be appreciated by end of the day Thursday Dec 9 would be appreciated, if feasible. We can discuss by teleconference if needed for final resolution.

Subject: Personal email addresses

Hi Bruce -

As we mentioned yesterday, EPA's email system will be down from about 5 pm today through 6 am on December

9. During that time, please continue to send emails to the work email addresses of the Hudson team members, but also copy the personal email addresses of the EPA folks on those messages. The personal email addresses are:

Ex. 6 Personal Privacy (PP)

Please only use the personal addresses on messages that you send between 4:45 pm today and the time that our system is back up and running on 12/9. I'll send you a message tomorrow morning after the system is back up.

Thanks very much Bruce -
Doug
